STEAM SHOWCASE

THEATRE CEDAR RAPIDS

APRIL 19, 2016 • 7:00 PM

The Johnson STEAM Academy Magnet Elementary School provides an innovative and respectful educational environment for all its students and we're celebrating year one as the first magnet school in Cedar Rapids with this special showcase! Join us as we highlight the academic achievements of our students through a curriculum infused with the sciences, technology, engineering, arts and math! See and hear our story, as told first hand by our current students, through exciting learning displays and on stage performances that showcase how our instructional approach ignites passion, cultivates character and assists our students in achieving their dreams.

Tickets: <http://www.theatreocr.org/johnson-steam/>
