Dear Parents/Guardians,

At Cedar Rapids Community School District, making sure students' minds and bodies are ready for learning each day is important to us. In addition to the hard work our teachers and staff do every day to prepare students for success in the classroom, we also encourage healthy eating and regular physical activity. By helping students start healthy habits early in life, we can help reduce children's health risks and increase their chances for longer, more productive lives.

We ask that you support our district wellness commitments by taking the following steps:

- Honor your child's birthday by sending non-food treats such as stickers or pencils
- Ensure all food sent to school for birthday celebrations promote healthy food choices by meeting Smart Snack guidelines (see the list of healthy snack ideas attached to this letter).
- Ask your child's teacher what non-food rewards/incentives they are utilizing in the classroom.
- Become involved in planning school holiday parties that include games, crafts and healthy foods and beverages.
- Participate in brainstorming ideas for healthy and non-food focused fundraisers for the school.

Attached to this letter you will find suggested food and beverages that meet our Smart Snack guidelines. These items will promote healthful eating for our students.

As educators, caregivers, and loved ones, we all want the best for our students. Thank you for joining us in offering healthy opportunities to celebrate important events and achievements.

If you have any questions, please contact building or central office staff (contact information is below). We hope to make our school the healthiest it can be so our students can do their best work.

- ✓ Snacks should be healthy. Offer fruits and vegetables as often as you can.
